

99 HP Reciprocating Compressor Package (Standard Unit)

COMPASS MODEL NO: CM99-RGH2

Compass is focused on continuously improving our standard packages. Our 99 HP reciprocating compressor package design has evolved over the years to incorporate feedback from our field service mechanics, 3rd party service companies and end-user operators.

Application: Gas Gathering

Objective: An economical 99 HP gas gathering reciprocating compression package (wellhead to pipeline) in a low horsepower range (99 – 200 HP)

Compass Solution: Compass standard 99, 145 and 200 HP, 2 or 3-stage reciprocating compressor packages provide operational and maintenance flexibility along with a cost-effective, proven and quick delivery solution.

- Sweet and sour designs available
- 2- and 3-stage stock units available
